

# MODULAR CLASSROOM BUILDINGS

## CAMBRIAN SCHOOL DISTRICT

# FAMMATRE ELEMENTARY SCHOOL

- The proposed option will maintain a clear line of sight to the existing playgrounds and playfields for student supervision.
- This option will preserve the existing open playfield.
- A single classroom building will be less disruptive to campus.
- The option will allow for future growth.

# FARNHAM ELEMENTARY SCHOOL

- This option will maintain a clear line of sight for student supervision.
- Location of single classroom building will have the least impact during construction.
- The proposed classroom building will develop an underutilized open space that will enhance a growing campus.
- The option will allow for future growth.

# SARTORETTE ELEMENTARY SCHOOL

- The proposed option will maintain a clear line of sight to the existing playground and playfield for student supervision.
- A single classroom building will be less disruptive to the campus.
- A single classroom building will have the least impact on the campus during construction.
- This option will allow for future growth of campus.

# PRICE MIDDLE SCHOOL

- This option will preserve the existing playing field.
- Single classroom building will be less disruptive to the campus design.
- Adding a single classroom building will ease the construction timeline, allow for a budget friendly design, and allow for future growth.
