Shade Structure over the Buddy Benches

- Surveyed parents and teachers regarding shade structure proposals in February 2022
- Parents and staff confirmed that they would like to see shade structure over the buddy benches to provide shade for students as well as outside learning space

Funding: Steindorf HSC has voted to allocate 50,000 for the project.

Four Post Hip Fabric Shade Structure

PC Model# DSA401203012-19

Size: **20' x 30'**

Entry Height: **12' Max**

ROM Price: **\$27,000 - \$29,000**

- Pricing includes engineering, materials, prevailing wage installation (including foundations), tax, and freight.
- Pricing assumes standard drilled pier footings, Colourshade® FR HDPE mesh fabric, and standard powder coat color.
- Pricing excludes permits, permit fees, special inspections, and costs related to unforeseen underground obstacles.

Next Steps:

- If the plan is approved, we will order the structure and plan for installation after the end of summer school and before the start of the school year.
- Once the structure is shipped, it will take two weeks for the total installation.
- Colors will be a grey canopy and black poles.
- Mr. Mark Finney from Sugimura Finney Architects (SFA) has agreed to assist us as we move through the process.
