No

## 11. Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly. \*

I like to continue the Delegate position to be a voice for advocating education, equity and diversity. I am one of the community leaders in my territory and have been involved and networking with many legislators; therefore, I hope to influence legislators on school issues for safety, closing achievement gap, technology internet, college readiness and funding. We need to work closely with legislators to help them understand the most important issues.

I love to bridge the gap and maintain communication between local members and the regional Director for enhancing and supporting CSBA role.

## 12. Please describe your activities and involvement on your local board, community, and/or CSBA. \*

I have been involved with different stakeholders, community groups and media for over 35 years and will be a good asset for my board as well as CSBA. With social media, we can reach out more in community, parents, legislators. I have attended the trip to Sacramento with students which was organized by State Senator Dave Cortese to advocate for school budgets as well as lunch meals. and other issues.

## 13. What do you see as the biggest challenge facing governing boards and how can CSBA help address it? \*

The biggest challenge facing school board members is Adequate Funds and recruit & retain good teachers. CSBA can help school board members with budget strategies and mechanics at the State level.
